- 2. I recently joined the firm and started working on this case.
- 3. I attended the August 13, 2021 meet and confer with attorney Smith. However, attorney Smith was unwilling to move forward with the meet and confer and preparation of a joint case management statement. Despite the default, I was prepared to move forward. I did not want to slow down this case. I was operating under the possibility that the court would grant defendant's motion to vacate.
- 4. I asked attorney Smith if he would be willing to remove the default. He refused. He said that he would now be seeking class certification.
- 5. Attorney Smith challenged me to find a rule that required a meet and confer for a motion to dismiss, for which I could not. I did however read him CAND Guidelines for Professional Conduct 15. Default: "A lawyer should not seek an opposing party's default to obtain a judgment or substantive order without giving that opposing party sufficient advance written warning to allow the opposing party to cure the default."
- 6. I also read attorney Smith CAND Guidelines for Professional Conduct 10. Motion Practice example a. "Before filing a motion, a lawyer should engage in a good faith effort to resolve the issue." These ethical rules were unable to change attorney Smith's mind regarding the default.
